Please send us a 4 TB drive. For MDC specifications, it should have a cord less than 10 inches long and the drive itself should be roughly smaller than a fist. We're in 26 Fed now – address below.

Sorry for slow reply, Brendan. Both paralegals on the case have been on trial.
One just wrapped today, so we should be able to run this down tomorrow.

Guys-following up on our call Tuesday, any updates on the process for getting her
the more recent discovery at MDC? Previously a laptop had been sent in.
